

**ST. EDMOND'S ACADEMY
VEALE ROAD
WILMINGTON, DE**

CLIENT: St. Edmond's Academy
2120 Veale Road
Wilmington, DE 19810
Michael Marinelli

COMPLETION DATE: 2006

DESCRIPTION:

Apex Engineering Incorporated prepared a minor land development for a series of additions to the St. Edmond's Academy campus. Site construction plans consisted of a lines and grades plan, erosion and sediment control plans, stormwater management reports, sanitary sewer designs, a soccer field, landscape plans, and floodplain analysis and contract administration during construction. Property and topographic surveys were also performed.
